Lineal's Managed Document Review service stands out as a paradigm of efficiency and effectiveness in the eDiscovery landscape. Our team of expert consultants and review managers, boasting deep experience across various matter types and jurisdictions, harness the power of Lineal's award-winning suite of applications. This synergy of expert human insight and advanced technology results in a document review process that is not only more accurate and cost-efficient but also delivers measurably better outcomes accessible to all stakeholders.

AMPLIFY: THE ENGINE BEHIND OUR MANAGED REVIEW EXCELLENCE

At the core of our managed review service is Amplify, our cutting-edge technology suite designed to optimize every aspect of the document review process. Amplify empowers our workflows with custom AI solutions ensuring rapid insights, continuous improvement, and demonstrable efficiencies. The integration of Amplify into our managed review services exemplifies our commitment to delivering a modern, data-driven review experience that tackles the challenges posed by the increasing velocity, variety, and volume of data in eDiscovery.

LINEAL'S VISION IN MODERN DATA REVIEW

In the era of big data, Lineal is at the forefront of developing solutions for modern data review. We understand that the eDiscovery landscape is continuously evolving with the introduction of new data types and communication platforms. Our vision is to harness the power of Amplify and other AI-driven tools to manage this data effectively. We focus on understanding and leveraging the nuances of different data types, ensuring that our review processes are not only swift but also meticulously accurate. By embracing the challenges of data volume, variety, and velocity, we empower our clients to navigate the complexities of eDiscovery with confidence and precision.
